The imperative to get re-inspired by what we CAN do is critical. Sharing some inspiring quotes/excerpts from my Top Ten Posts of 2013.

Leadership And Success In Disruptive Times

Success at the speed of change is the mantra of courageous pioneers, avid learners and doers, pragmatic optimists and change-makers, transformational catalysts... leaders and builders of a better way forward.

From Pain To Gain-Ten 21st Century Lessons Learned

Leadership is a 3Q equation supported by courage. Courage grows each time we align IQ (intelligence) EQ (humanity) SQ (integrity).

Ten Practical Ways To Build Essential Success Skills At The Speed Of Change

Embrace your ability to make a difference and be part of the difference by using your strengths and challenges to learn, communicate, collaborate and lead forward.

3Q Leadership Benefits And Why I Have Dedicated My Life To

This Work

Our ability to rise to the challenges before us means developing a mindset and skill set that takes us forward in ways that help us evolve and grow. A mindset and skill set that helps us build communities of purpose that thrive at the speed of change. A mindset that helps us build and grow our 3Q Edge™.

Ten Ways To Lead Forward In Times Of Complexity And Change

A great man once said that we must become the change we seek. It is time to realize that we must also use the changes we face to develop the solutions, optimize the potential that can help us live and lead forward.

Women And Leadership: Ten Critical Steps Forward For Women And Men

The most important fire we can light is the fire of human potential, and I believe that women have a critical role to play.

From Now To How: Building Social, Digital and Cross Generational Leadership

The need to go from NOW to HOW is critical. Leadership starts with our ability to imagine, inspire, innovate and communicate forward.

Hope lies in not simply playing to strengths, but to seizing every challenge, change, stressor and failure as an opportunity to grow, evolve and expand the power of our minds, the strength of our brains and the capacity of our hearts.

Courage lies in our ability develop a whole new mind set, skill set and heart set that optimizes the unbridled passion,

purpose and potential of humans to do better, rather than simply living or working faster than ever before.

Strength lies in finding a common language, a common message that touches the heads, hearts and mind of many.
